## DX Tidbits

**-Rick Glisson, N4XMX**

This is a short newsletter. The cookout this weekend takes the place of the usual July meeting. Thanks to Ken, K4TEA, for putting up with all of us!

DX has been a little slow this summer both on the air and getting cards in. I have worked a few stations in the last month but not as much as I would have liked. Summer is always a little slow and noisy. With the sunspots decreasing, it is harder to get those high band openings. Any contest is one way to determine exactly how all the bands are doing.

As far as cards go, the only important one has been TO4E. I let Bill, N4NX, check a bunch at the last June meeting and they were finally logged in first week in July. ARRL DXCC is running about on month behind at this point. This will only get worse come September. Use Bill and get those cards in now!

CU in the pileup(s)...

FROM 425DX News 7/17/04

>>> PETER I 2005 <<<

Postponed last year due to unforeseen transportation difficulties, the third ever DXpedition to Peter I Island is a go for late January 2005. A multinational team of twenty operators will be active (with 4-6 high power stations operating around the clock on 160-6 metres SSB, CW, RTTY and PSK 31) as 3Y0X from 21 January to 4 February.

The current list of operators includes K0IR, K3NA, K4SV, K4UEE, F2JD, HB9AHL, HB9BHW, LA6VM, NP4IW/6, N2WB, N4GRN, N6OX, UA3AB and W0RUN. Several invitations are pending that will complete the team. A backup list is also in place and potential team members who might want to go, in the event of a cancellation, are invited to contact K4UEE (mallphin@aol.com).

This very expensive undertaking will be 70% funded by the team members, and additional financial sponsors are being sought. Fundraising is continuing with the addition of several area fundraisers: W3WL (North and South America), JA1ELY (Asia), F2JD (Europe and Africa) and ZL2AL (Pacific). More details can be found on the DXpedition website (<http://www.peterone.com>) as to team members, sponsorship and other information.
